

Country Commons Newsletter -- June 2023

Kudos corner goes first today!

Thanks to everyone who has been helping with clearing brush, mulching gardens, painting, etc. The light poles are up and Mike is installing solar security lights.

We are taking pride in our community and it's starting to show! Anyone interested in joining the grounds keeping committee, go and speak to Janie.

See photo of clearing done by Ken C. in Bldg 10, Ted B. in Bldg 8, and Jim H. in Bldg 11.

Vent cleaning: There is a possibility of getting group rates for dryer vent cleaning if enough people sign up for it. Contact the COA board if you are interested.

Warning –

about putting hazardous materials in the regular trash. One careful resident recently found some fluorescent bulbs in the trash, fished them out and took them to Aubuchon hardware who can properly dispose of them. It is illegal to put these in the regular trash. We could be fined for this!

Hazmats in Middlebury also takes things like this.

Next open board meeting is on June 21st at the Bixby in the Otter Creek Room at 5:45pm. Agenda TBA

If anyone would like to add something to the NL or make a comment, you can use this address:
